Hi Nancy,

It was a great event. I was only able to stay for a short visit and missed the program. It was great to see you, Tom, Pauline and others. Thanks for bringing us together for such an auspicious occasion!

Great to see you!

I thought it was "chilly", but had my long coat and not completely acclimated to warm weather .. Virginia does get "cool" ..  
It was a fun time ... See you soon.

Nancy, I have had a wonderful ride here at our University and of the many things I did while here, nothing makes me more proud than my

participation with you and Tom on the twin project. It was wonderful to see you again and if you can send me a copy of the picture we took together I would put it with your book. jay

Thanks Anne [Nancy's twin]- Although we will miss you at the party, the flowers will be a wonderful recognition of Nancy's many achievements. And I suspect you will be with us in more than spirit, as I know Nancy loves to tell how being a twin and the special relationship she has had with you has been a source of strength throughout her career.

Best,

Matt

This is Nancy's day. She earned it. I will pass on your congratulation. Very sorry not to have seen you again.

Hi Nancy,

Thanks again for inviting me. For me the reception was a sometimes nostalgic occasion to run into a few collaborators of a seemingly distant past whom I had not forgotten but had not seen for 20-some years, and to meet others as well, including your partner (whose name I will not risk spelling incorrectly). In spite of the reception noise he and I had a (for me) interesting conversation about the state of contemporary social science and philosophy.

I also enjoyed the speeches, including yours of course, which jointly framed the MISTRA enterprise from today's historical perspective. And now your book will guarantee that this enterprise will not be forgotten!

All the best,  
Auke

I am truly sorry that I missed the event. I talked to Larry Wolff and he too was disappointed he had another commitment at that time. He was very interested in reading your wonderful book and I loaned him my copy. Bryan Michalowicz

Hi, Nancy --

We (Maurice and I) really enjoyed your book party, and were so happy to see you again. Your book is a great achievement indeed!

My Norwegian cousin is going to have a good time reading your book; she's going to Spain, where all sensible Norwegians spend the month of November, and she's going to bring it along. I know Maurice's cousin will be really interested also; we'll be giving her a copy when we see her in about a month.

Cheers and congratulations --

Nancy---

What a wonderful party---we really enjoyed seeing you and all the MISTRA gang again. It was great getting caught up with so many people we know, but haven't seen in years. Your book is quite an achievement.
